

Include:

Carrycot
Rain cover

Highlights:

Separate, second carrycot for Duett 3
Converts Duett 3 into a twin buggy for newborns
Assembly one on top of the other avoids excess width

Productimages:

Are you expecting twins and would like to use the Duett 3 from their birth? We have the solution. The double buggy converts into a twin buggy for newborns in the blink of an eye, with the separately available Duett 3 infant carrier.

Flexible from the very beginning. Convert the top seat of your Duett 3 into a carrycot and use it for your newborn. Remove the bottom seat and mount the second carrycot onto its attachments. You can now take both of your children out in the Duett 3 from birth. The major benefit is that both babies are not side by side, but one above the other. You're guaranteed to fit through every door or in every elevator.

Our advice:

You can also use the Comfort Fix hauck infant carriers for your newborn twins. They are available separately and can replace the upper and lower seats of Duett 3 (Duett 3 Comfort Fix Adapter is needed for the LOWER seat).

Matching the Comfort Fix infant carrier, we recommend our Comfort Fix Isofix Base. Available also as Comfort Fix Set (Comfort Fix infant carrier + Isofix Base).

Colorvariants

345337 Melange Charcoal

Equipment characteristics

	Aluminium frame	✓
	5-point harness system	✓
	Easy to clean	✓
