Extremely light - easy to carry over the shoulder
High-quality fabrics and bi-color frame
For everyday use or travel

Product images:

Discover the city with Swift Plus! This modern pushchair with lying function offers the ultimate comfort in the smallest package and is therefore the perfect companion for travel or everyday life. Perfectly styled and with exclusive fabrics, this lightweight of a pushchair can be folded down with one hand only and easily carried over the shoulder.

Small but sweet. This sporty pushchair is equipped with breathable and extra soft fabrics. The backrest can be brought up to the lying position by pulling the strap and the footrest can be adjusted upwards. By pulling the large sun canopy forward, your little treasure will be perfectly protected during any trip. And with the 5-point harness, front bar and slip-through protection, your child will always be safe and sound. The shoe-friendly brake guarantees a strong hold during your stops and thanks to its swiveling and lockable front wheels, the ultra light aluminium pushchair is particularly agile and ideal for trips through small streets and shops. Purchases and baby equipment can be stored in the large basket.

Extra small folding. Swift Plus can be folded down very compactly and easily carried over the shoulder by the loop. This way, you will always have one free hand for your little one. In addition, the compact folding allows you to store Swift Plus even in very small cars.

Colorvariants

160046 Neon Blue/caviar

160053 Neon Yellow/caviar
