The large viewing windows made of net fabric guarantee an optimum air circulation, and give your little offspring the possibility of seeing you at any time. In addition, the large surface of 120 x 60 cm makes of Dream N Play also the perfect playpen. Your ray of sunshine is sure to feel at ease in here, while you take care of the household or while you have a rest.

Easy transport. This travel cot is assembled and folded with few actions. You can store it in any corner or transport it in the practical transport bag.

The transport bag and a foldable base are already include in delivery. For the best comfort we recommend the separately available Sleeper foam mattress and the adequate fitted sheet Bed Me. Both measure 120 x 60 cm.

Our hint for an easy assembly! Put up the folded bed on its feet and pull it apart. First unfold the short side parts and then the large ones until they properly engage. Only then pull the middle of the floor and then the whole floor down until it reaches a flat and stable position. When folding the bed, do the opposite. First pull up the floor and only then unbar the short and then the large side parts. You can find an assembly video on: <https://www.youtube.com/user/hauckfunforkids>
