Productimages:

For little dreamers! Cute Dreamer is bassinet, cradle, mobile spare bed, and travel bed in one. Not only is it universal, but it also scores points because of its very special folding mechanism. Dreamer can be folded together in one movement by pulling on the loop. The mattress stays in the bed during folding. The loop doubles up as a carrying handle for the transport.

Just carry the Dreamer to the required location, pull it apart and it is ready for use. This way, your baby can always stay close to you while you are working in the kitchen or the living room. The Dreamer can be used in any room as a bassinet or cradle. As a cradle, it rocks gently back and forth, but can also be kept in place by twisting the base of the bed. Dreamer can be a practical spare bed in the bedroom. Keep an eye on your baby at all times through the large windows.

The Dreamer has a soft plush edging all the way around and, with a lying surface of 90 x 50cm, it is ideal for newborns. Bits and pieces can be stored in the pocket at the foot of the bed. Matching mattress included. The fabric cover has a zip fastening so that it can be removed for cleaning.
