Small folding size  
For everyday use or travel  
Carrying loop for transportation  
Ergonomic handles

## Productimages:

---

Designed to cope with corners. A smart, sporty, and maneuverable buggy with the emphasis on the "driving" experience. The Speed Plus S is the perfect companion for everyday life and travel. Folded up as narrow as an umbrella, it becomes a practical buggy-to-go that can be taken anywhere.

Your child will enjoy every outing in the Speed Plus S, even shopping trips. Thanks to the 360° swiveling or lockable front wheels, it nimbly slaloms around small shops. The soft handles have special finger indentations to make pushing comfortable for mom and dad. Refreshments are always ready to hand in the drinks holder.

Your little one will always feel good in this comfortably padded buggy. You can quickly conjure up a cozy place for your child to sleep, because shopping is hard work. The backrest can be angled into a lying position and the footrest adjusted horizontally. The fun can continue after the nap. Store your shopping or baby essentials in the large basket. Keep your cell phone in the pocket on the canopy. To keep your child safe on the move at all times, the Speed Plus S has a 5-point belt and front bar. The parking brake reliably prevents the buggy from moving on any surface, while you take a break.

Speed Plus S folds up into a narrow shape, like an umbrella, for transport and can easily be carried by the practical loop.

**NEW!** You can now use the Speed Plus S for even longer, because it can carry up to 25kg. This means we voluntarily satisfy requirements over and above legal standards.

## Colorvariants

135785 Caviar/neon Yellow

135792 Forest Fun
