## Productimages:

---

The hauck Comfort Fix infant car seat has received very good testing results by leading testing institutes.

The Comfort Fix has been approved for babies from birth up to a weight of 13 kg, in accordance with ECE 44/04. It features tried-and-tested, patented, and energy-absorbing foam in the head and shoulder areas that achieved high results in crash tests. High-quality, breathable, and stretch materials have been used so that your baby will always feel comfortable in the car seat. Head protection and wedge-shaped cushion can be used individually.

The Comfort Fix can be installed safely in cars with almost every 3-point belt. As an alternative, use Comfort Fix in the car with the Comfort Fix Isofix base, available separately.

Combine Comfort Fix with our Rapid 4S, Rapid 4, Rapid 4X, Rapid 3R, Rapid 3, Vegas, Lift Up 4 and our sibling strollers Duett 2, Duett 3 and Rapid 3R Duo to transform them into a clever Shop'n Drive system.

You will also need the corresponding Comfort Fix adapter for Duett 2, Vegas and Lift Up 4.
