Productimages:

This stylish little bed looks great anywhere. A small and sturdy, folding travel companion that is particularly unlikely to tip. With its cute little heart and attractively finished frame, Play'n Relax is guaranteed to leave a lasting impression.

This bed is not so easily bowled over, because Play'n Relax is narrower at the top. This conical shape makes the bed particularly stable and untipable. With the flamboyant, bi-color appearance of its frame and soft colors, Play'n Relax fits into every room.

It is at home anywhere. Your child will feel as comfortable anywhere in this little bed, as they do at home, because, with Play'n Relax, their familiar environment goes with them. The bed is easy to put up or fold down and to transport in the practical bag. This makes the Play'n Relax the ideal companion for travel, visiting grandparents or simply an attractive alternative for home.

Perfect for sleep and play. Play'n Relax can be used anywhere. As a mobile playpen, it's an attractive retreat where your child can safely play or just lay down and relax. Your little one can climb in and out of the side door, which provides more options for activity. Naturally, the zip fastening can only be opened from the outside.

Wherever you need it to be. The bed has casters so you can push it wherever you are. Your little one can enjoy being near you and you can keep an eye on him or her at all times, through the large side windows. When night time comes, simply roll the Play'n Relax next to your bed and use it as a practical sleeping place for your baby or toddler.

Includes bag for carrying and folding base. We recommend the comfortable spare Sleeper mattress and matching Bed Me fitted sheet in size 120 x 60 cm as optional extras.
