## Productimages:

---

A stylish buggy that skillfully puts you in the limelight! The Venice draws attention wherever it goes, with its modern, spotted design. Comfortable, light and maneuverable, it promises you some wonderful trips with the whole family.

The perfect companion. With its swiveling and lockable front wheels, this light aluminum buggy is particularly easy to manoeuvre. This makes it extremely popular, not just in everyday life, but also for travel. Every outing is guaranteed to be enjoyable in this generously sized buggy.

Comfortable. Your child will always be comfortable out and about in the Venice. When your little explorer gets tired, move the backrest into a lying position with just one hand. The footrest is also adjustable, with several different settings. The canopy of this comfortable buggy can be extended and pulled far forward, to protect your child in all weathers. Keep a constant eye on your little one through the viewing window in the canopy. Store your cell phone in the little pocket in the canopy. It goes without saying that we have thought about mom and dad's comfort, too. The soft, color-contrasting handles guarantee an especially comfortable pushing experience.

Safety on the move. A padded, 5-point belt, a parking brake that acts on both sides and a removable front bar keep your child safe. There is room in the basket for baby essentials or shopping. Venice folds up into a narrow shape for transport.

## Colorvariants

359150 Gumball Black

359167 Gumball Grey
