

Highlights:

Insulating bottle bag

For all standard bottles

Insulated inside

Easy to fit with Velcro fastening

Durable

Productimages:

The perfect bottle case for on the go. The double-thick insulation keeps drinks and glasses cold or warm for a longer time - even in extreme temperatures, and is large enough for a big baby bottle, a cup or a "whole meal in a glass."

The Refresh Me has a small mesh pocket as well as a high-quality zipper. It attaches easily to any stroller or buggy.

Colorvariants

618219 Black
