Perfect addition to Alpha+ & Beta+ high chairs
At eye-level from birth
Really cozy baby attachment

Product images:

A sweet, snuggly place for babies and the perfect addition to our wooden high chairs. Even newborns can be involved in family life on an equal footing in the lovingly designed Alpha Bouncer 2 in 1. This baby attachment promises wonderful moments together, whether your little one is feeding, playing, or sleeping.

The ergonomically shaped and soft and cuddly Alpha Bouncer 2 in 1 is the perfect place for your newborn. The fine, plush fabrics snuggle up to your child so that he or she feels at ease from the start. The softly padded seat pad reduces the size of the seat and supports your baby's head. Paddings at the sides gives your baby extra support and the 3-point belt keeps your little one safe at all times.

Perfect for feeding - position the high chair with the baby attachment at the table and your child will be able to enjoy mealtimes together with you, at the heart of the family. Your little one will be very close to you and can observe what goes on at eye-level. At the same time, it also protects your back while you feed your baby.

If your little one would prefer a little variety, simply mount the baby attachment onto the flexible base frame with a click. Movements rock it back and forth and it gently sends your child to sleep.

The perfect solution - when combined with the Alpha Bouncer 2 in 1, you can use our wooden high chairs from birth, not just from 6 months. This makes our grow-with-me wooden high chairs, which can support up to 90kg, a practical companion for life.
