Highlights:

Stroller, buggy and car seat combination
Very compact - ideal for a daily life with bus or train
Extra light and agile
Small folding size
Comfortable seat with lying position
Practical bottle tray on push handle

Productimages:

With this practical and light pushchair complete set, your will be perfectly equipped. Carrycot, infant car seat and sporty pushchair can be used from birth up to approximately the age of 4. The Shopper SLX Trio Set is particularly resistant and agile, convincing with its practical cupholder.

This pushchair is extremely light and manegeable thanks to its swiveling and lockable front wheels. This makes it the perfect companion non only for shopping, but also for relaxed strolls. Even in bus or train it makes a good figure. In addition, Shopper SLX is of small folding size and can be stored in any small boot.

Both the comfortable carrycot and the Zero Plus 0+ infant car seat can be used right from birth. Thanks to the practical Easy Fix System, both are simple to fix on the Shopper SLX chassis within a matter of seconds. The necessary adapters are already integrated.

On car journeys, Zero Plus 0+ will keep your little one safe and sound. The side-impact protection with patented shock-absorbing PU foam and the padded 3-point harness guarantee optimum safety on every trip. And combining the infant car seat with the pushchair chassis results in a practical Shop N Drive System. Thanks to this, you won't need to wake up your child when removing him or her from the car.

Even while travelling in the comfy pushchair seat, your child will be able to relax. The backrest can be brought up to the lying position, just like the footrest. The cupholder offers enough place for refreshments, while the large basket beneath the seat can be used for purchases or other things. 5-point harness, front bar and parking brake offer optimum safety. In addition, Shopper SLX is also ideal for uneven ground thanks to its big wheels and suspension.

Up to 25 kg! The Shopper SLX can be used longer than comparable sets, because the buggy carries up to 25kg. This means we are voluntarily satisfying requirements over and above legal standards.
