The all-rounder. Playpen, travel bed, spare bed and play center in one. The Play'n Relax SQ is particularly tip-proof. It is a great mobile solution that you can use for your little treasure both at home and away. Folded up to small dimensions, Play'n Relax SQ can go with you anywhere.

Play'n Relax SQ works well in any location, because its conical shape tapers towards the top. Its shape makes it particularly stable and untippable. It also scores points with its variety of possible uses. Enjoy peace of mind while your child safely plays, rests or sleeps in Play'n Relax SQ. With an area of 90 x 90cm, it provides your little one with enough space to feel comfortable from the start.

This all-rounder is perfect for travel, visiting grandparents or, of course, at home. Play'n Relax encourages your child to play to his or her heart's content. At the same time, it is an attractive retreat where your child can lie down to rest or sleep. You can observe your child at all times through the large side windows. In exactly the same way, your child can maintain eye contact with you and feel secure with you close by.

Play'n Relax SQ is easy to set up or fold up compactly. It can be transported or stored to save space in its practical bag.

Includes a bag for carrying and a folding base. We recommend the comfortable Sleeper SQ mattress in size 90 x 90 cm as an optional extra.
