Vancouver - a maneuverable, sporty little number that can easily accompany you on the bus or train, and even brings the drinks. Vancouver folds up to compact dimensions with just one action.

Quick & easy. The perfect companion for shopping trips. This practical three-wheeler buggy folds up to compact dimensions in seconds. It is extremely practical for bus or train journeys or on stairs, when you want to have the other hand free for your child. It goes without saying that the compactly folded Vancouver also fits in any boot.

Refreshingly different. Refreshing drinks are always close at hand, including baby's bottle, and a latte macchiato for mom. Drinks or bits and pieces can be placed on the practical accessories tray on the handle.

Maneuverable and light. Along with its low weight, the impressive Vancouver also has a swiveling and lockable front wheel, making it particularly maneuverable, even in constricted, pedestrianized zones.

Climb in and relax. If shopping tires out your little one, move the backrest into a lying position, step by step, with just one hand. The footrest is also multi-adjustable. Keep a constant eye on your little one through the net fabric in the canopy that also provides ventilation. Cell phone or keys can be stored in the pocket in the canopy. The large basket has room for your shopping.

Safety on the move. The padded, 5-point belt and front bar ensure your child's safety in the buggy at all times. A handbrake that works on both sides reliably secures the buggy when you take a break.
